A. & W. SPRAGUE

A Pinancial Breeze in Providence-The Bank of Commerce Werrying Trustee Chafee-Threatened Proceedings in Bankruptey.

PROVIDENCE, R. L. March 31, 1874. Business circles nee were agitated to-day by an unexpected aspec which the affairs of the A. A. W. Spragae Manafacturing Company assumed. The cause of this excitement is the action of the National Bank or Commerce of this city, which has a claim of \$200,000 against the company and instituted proceedings in bankruptcy to-day against the sprague Company to recover this claim. The Truetee, Zachariah Chaice, was informed of this Intended action last night and immediately preared this card, which he has issued to the pub-

Pared this card, which he has issued to the pablic :—

To the Cardinols of the A. & W. Sprague Manufacturing Company.

When I accepted, on the lat day of December, 1873, the position of Trusce, under the sprague deed of mor gase, I entered to administer my trust ratificially the trust of the sprague deed of mor gase, I entered to administer my trust ratificially the trust of steelings and with a determination to be governed by the preterences of the mortgagors as to my policy only in so fir as their whose were me accord with as prompt a settlement of the claims of creditors as was practicable. I am able to say that in all respects the piedges made by the A. & W. Sprague Manufacturing Company and A. & W. Sprague to the general meeting of their creditors, that their property and their less energies should be devoted to the payment of their creditors are seconded by them in every particular.

The record of my administration may be thus briefly stated:—Two hundred and twelve creditors, including reveral of our city and country banks, representing in the asyregate nearly \$4,000,00 of indebted; ask have accepted the notes secored by the trust mortgage in exchange for their claims, and a ingre number a creditors, including banks and savings institutions, in addition, have signified their intention to exchange their paper limited their intention to exchange the paper limited their miterion to exchange their paper limited their milis and print works has been conducted thus far with a reduction of expenses equivalent to a saving of \$500,000 or more than the six day of December to the date assure me that I could pay to day, if it were due, the interest on the median pay to day, if it were due, the interest on the median hext. I have arrangements in contemptation of valuable property net required for the manufacturing of valuable property net required for th

were due, the interest on the mortrage notes which will become also on the 1st day of July next. I have arrangements in entempiation and in progress for the arrangements in manufacturing towns the property not require the manufacturing towns which property not require the manufacturing towns which it confidences in the ist of July next. I have been able to obtain my simples for the units and print works upon terms as invorable as any other purchaser in the market, and I am encouraged to believe that I have the confidence of the community generally in my firmless and linegrity. I have been added to read the community generally in my firmless and linegrity. I have been officially mormed by the President of the National Bank of Commerce in this city that that institution will the a petition in bankruptcy this morning against the A. & W. Sprayes Manufacturing Company. I wish the responsibility for this act to rest where it properly belows. More than 12,000 persons, including men, women and children, are in the employ of the company are dependent upon the milis and print works for their daily bread. Upwards of 15,300 people derive their entire or chief support from the industries connected with the business. Upon the filing of the petition I must close the various works and turn these people out of employment. The immediate loss which this will entail upon creditors will amount to at least \$250,000, and the calculations of the contractions will amount to at least \$250,000, and the calculations consequences which will ensue to the operatives every mind can picture for itself until I have declared my firm conviction that the A. & W. Spraye Manufacturing Company would, in the absence of proceedings against it in bankruptcy, be able to pay and discharge in that within a reasonable time every dollar of its obligations.

Marken 31, 1874.

A meeting of the stockholders of the Bank of Commerce was called this noon and a paper was prepared to defeat the action of the President in his proposed suit in bankruptcy. Within a very his proposed suit in bankruptcy. Within a very short time twenty-two shareholders, representing over 2,500 shares, had signed the paper, and the prospect is that the suit will not proceed.

At a meeting of the Board of Health held yesterday afternoon a report was received on the con
dition of the Sallors' Home at No. 190 Cherry street.

Some parts of the house were described as in a
most filthy and unhealthy condition. The following reports were received and adopted:—

PRESCH.—In Baltimore, Md., on Sunday morning, March 29, HELEN D. FRENCH, widow of Dr.

BURHAU OF VIAL STATETICS, March 34, 1874.

TO THE SECRETARY OF THE BOARD OF HEALTH.—
SHE-THE total number of deaths reported in this city during the fourth week in March was MR, against of reported and 538 that actually cecurred during the previous week. Compared with the records of the previous year there was a decrease of headts for the initial week in March, and of H deaths compared with the average of the corresponding week in the past hee years.

The mean temperature has need as 5.20 degrees Pahrenheit lower than in the previous week. There was some increase in the mortality from bromching pneumonia and measles. The spring weather has been 50 nusually incisement that the badly housed and poorty fed classes have suffered considerably by diseases agrantated by such causes, but the general state of the public health is good.

health is good.

The winder mortality has not been as great as in past years, though there has been an excessive fitality from secarisating and dipitatoria. The tour number of deaths in the quarter ending March. 28 amounts to 6.258. The number that oled in the first free months in the year lat's was 6.051, or 417 mere than in the corresponding period this year. Respectably submitted.

COMMISSIONERS OF EMIGRATION.

Yesterday being the regular meeting day of the Board, much attention was directed to the result of its deliberations, masmach as at the previous session over thirty removals, to take effect to-day, were made among the officials at Castle Garden and on Ward's Island; and this with but four members present Mesers, Burlbut (President), Starr, Stephenson and Quintard—two less than a quorum, so it is alleged. The question of approving this action was expected to "raise a breeze," and hence the exceptional interest in the result or the meet-

ing.
In good time Messrs. Hurbut, Porrest, Maujer, Kaufman and Lynch were on hand; but Messrs. Starr (chairman of the Castle Garden Committee) and Stevenson (chairman of the Ward's Island Committee) failed to appear. It was reported that Mr. Quintard was out of town. As there is important ousiness pending, such as approving the monthly payrolls, &c., a special meeting was called at to-day at one o'clock.

CORONERS' CASES.

Deputy Coroner Leo, aided by Drs. Finnell, Clark and others, yesterday, at the Morgue, made a post-

and others, yesterday, at the Morgue, made a postmortem examination on the body of Mrs. Amelia
Biley, whose death, at No. 144 Variek street, it was
aleged by her nusband, had been caused by a somion of morphine, prescribed by Dr. Chadsey, of
spring street. The medical gentlemen found most
of the internal organs unsound, but particularly
the liver and kidneys, which was sufficient to cause
death. Owing to the exceedingly diseased condition of Mrs. Riley it is possible that the morphia
taken into her system may have tended to accelerate her death. Coroner Kessler will hold an
inquest in the case on Monday next.

Patal Scaffold Casualty.

John Antone, a native of Portugal, thirty years of age, yesterday, while at work on a scaffold erected against the new church, corner of Fifty. fifth street and Fifth avonue, fell to the ground and was almost immediately killed. His remains were removed to St. Luke's Hospital and Coroner Croker notified. Deceased has left a widow, who resides at No. 348 East Forty-sixth street.

Coroner Kessler was yesterday called to No. 1 Oak street to hold an inquest on the body of Elizabeth Casey, a woman thirty years of age, whose death resulted from injuries received by acci-dentally falling down a flight of stairs the day

previous.

James Schmide, a widower, forty-six years of age, James Schmide, a widower, forty-six years of age, and born in Germany, yesterday morning died in the Roosevelt Hospital, from injuries to the head, received early on Sunday morning last, by falling down stairs, at No. 342 West Forty-fourth street. Coroner Kessier was notified to hold an inquest on the body.

Killed by a Stone-Recommendation by

the Jury. An inquest was yesterday held by Coroner Croker in the case of Joseph G. Wheeler, the lad, late of No. 214% Mulberry street, whose death resulted from a blow in the eye by a stone, alleged to have been thrown by Joseph Nagle, on the 15th ult. The jury found, however, that the stone was thrown by some one to them unknown, and re-commended that the throwing of stones in the streets should be stopped by the proper authori-
